Assigning Assessments

Teachers can assign assessments in the Teacher Dashboard.

1. Go to the **Tracking Report**.
2. Select the student(s) who will take the assessment.
3. Click **Assign Benchmark Assessment** or **Assign Progress Monitor**.
4. Click **Create**.

Once an assessment is assigned, the student will automatically get the assessment the next time they log in.

Student Experience

- Amira will give students directions and examples for every task to ensure they understand what to do and can do their best.
- Amira will tell the student when the assessment is completed.
- When the assessment has been completed, students will automatically be placed back in Amira Practice.
- The assessment takes 10-20 minutes to complete, depending on the grade level and child's reading ability.

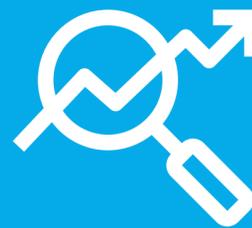

Assessment Status

- ★ Complete 8/22 ⓘ
- ★ Complete 8/22 ⓘ
- ★ Complete 9/2 ⓘ
- 📅 Scheduled on 3/14 ⓘ
- 📅 Scheduled on 3/23 ⓘ

Assessment Status

To check the status of an assessment, use the **Tracking Report**. Next to each student's name you'll see their assessment status.

- **Scheduled:** assessment has been assigned
- **Complete:** assessment has been completed
- **In Progress:** assessment has been started but not completed
- **Scoring:** assessment has been completed and is in the process of being scored
- **Under Review:** assessment has been completed, however it has been flagged for manual review
- **Reassess:** the teacher should reassign the assessment and have the student take it again
- **Early Reader:** assessment has been completed, and the student has been placed in the Early Reader Skills Scaffold

Scores

Amira offers several reports to help teachers understand students' scores. Start with the **Benchmark Report** to see a full class' scores, and the **Skills Status Report** to get a deeper dive into skill mastery for every student.
