

# Amira Data Dive

## Planning For: Whole Group

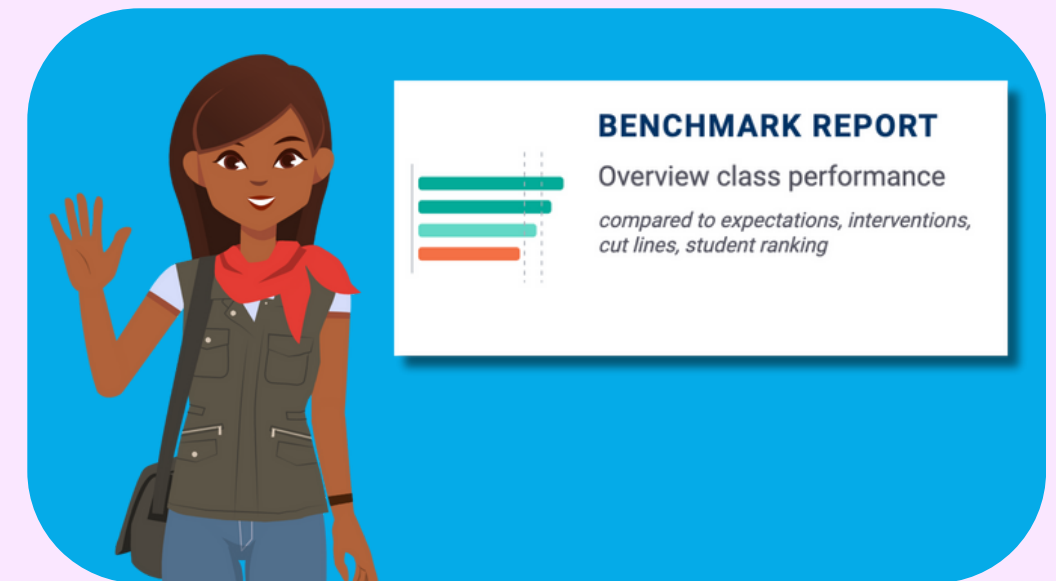

Click on each  
report to  
access a step-  
by-step  
walkthrough!

START  
HERE

1

### Benchmark Report

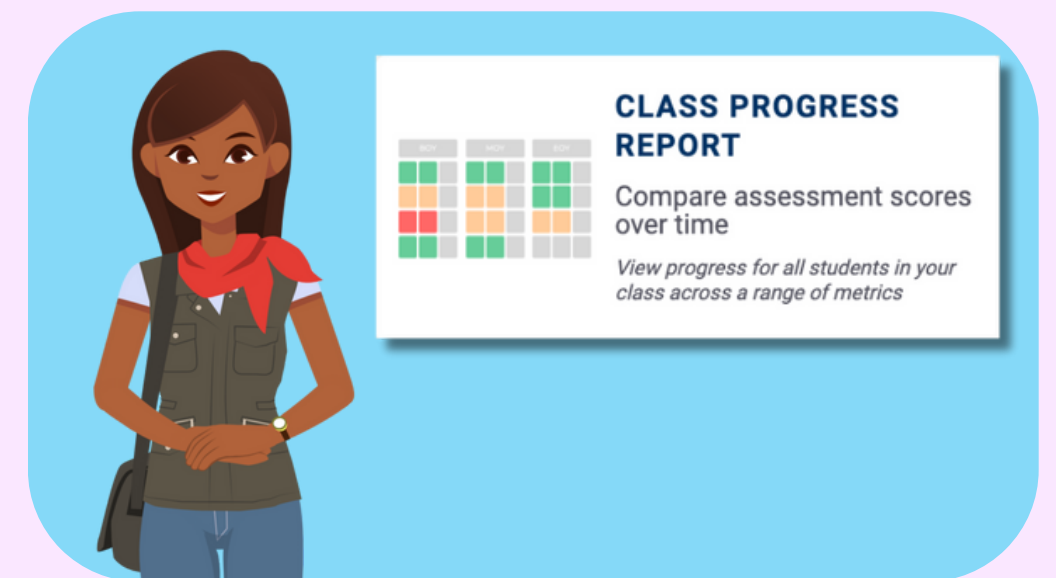

- See your whole class' most recent assessment data
- Check how students are doing compared to each other and to national norms
- View students' ARM scores (Amira Reading Mastery) – [click here to learn more](#)

2

### Class Progress Report

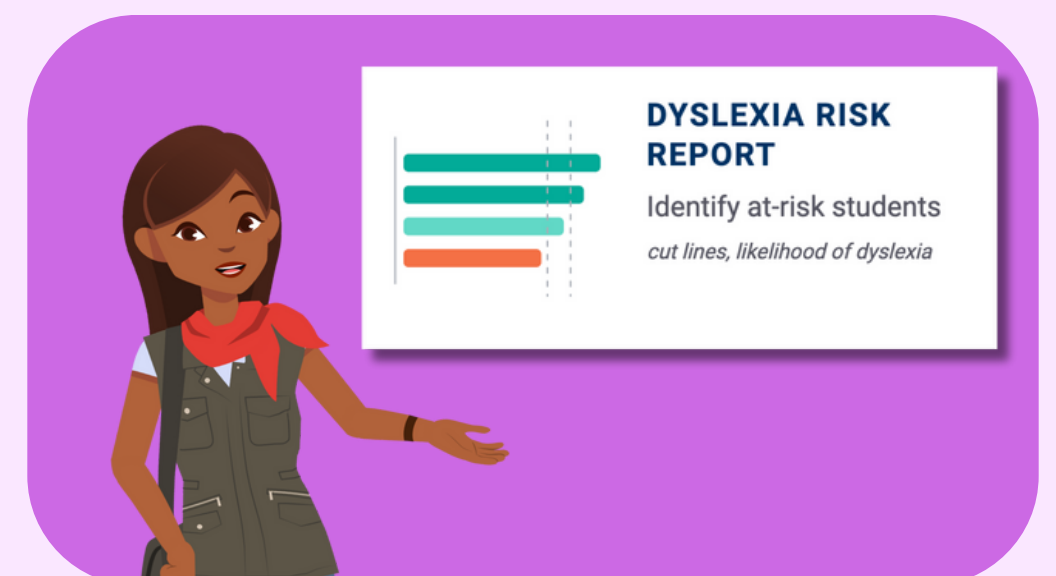

- See your whole class' assessment data from BOY, MOY, and EOY assessments
- Check how students are doing compared to each other and to national norms
- Notice growth and progress on assessments across the school year

3

### Dyslexia Risk Report

- Check to see if any of your students have a high risk score for Dyslexia and may need further testing, intervention, or support during your whole group instruction.

4

### Skills Status Report

- See mastery status for every student in your class on every skill across the Reading Rope
- Hover over any skill to see details on the student's mastery of that skill
- Click on any skill to access resources for teaching it
