

# Let's Get Started With Amira!

This year our school is using Amira to grow our readers! Amira is unlike any other edtech program out there, so we want to make sure you have the support you need to get it up and running in your classroom.

## Join our Amira Training Session!

In the training session, you will:

- ✓ Learn how Amira will support your readers
- ✓ Walk away with resources in hand to help you get started
- ✓ Be fully prepared to implement Amira in your classroom tomorrow

**Date:**
